We are proud of our rich, cultural and sporting traditions. The Birley Centre is a hub of music practice, performance, composition and recording. There is an established partnership with Glyndebourne and links with Ballet Rambert, local artists and musical ensembles. College artists exhibit in London, actors have starred in film, TV and the Edinburgh Fringe; the Design and Technology Department wins an extraordinary number of Arkwright scholarships. We have an enviable sports reputation, with Eastbournians competing at county level in cricket, hockey, rugby, netball and tennis; several have gone on to achieve international honours. There are also thriving service programmes, including CCF and Duke of Edinburgh.

As we celebrated our 150th year, the College completed the most ambitious development project in its history with Project 150 delivering over 30 state-of-the-art classrooms, ICT suites, a new swimming pool, café, school shop, dance studio, sports hall, squash courts, dining hall and fitness suite. We believe we have some of the best facilities of any school in the UK, and the Mathematics Department sits at the heart of this new development. The successful applicant will be expected to teach Mathematics to pupils of all abilities throughout the school. Junior students follow the Edexcel IGCSE course and at A-level, sixth form students are taught the OCR (MEI) specification. The successful applicant will be expected to share their passion for Mathematics by offering enrichment opportunities to pupils outside of the taught specifications.

All members of Common Room are expected to play an additional part in the broader life of the College, e.g. by acting as a tutor in one of the day or boarding Houses, by offering their expertise in coaching team sports, or contributing to music, drama, debating etc. The Mathematics department has a long tradition of wide and varied contribution, recognising the value it brings to relationships with pupils in the classroom.

THE DEPARTMENT

The Maths department is one of the academic powerhouses of the school and it attracts high numbers each year in the sixth form. Over the last seven years 90% of A-level results were at A*, A or B grade.

The department, comprising eight full-time and one part-time teachers, is housed in the stunning, brand-new and bespoke Nugee building. There is a strong cohesion in the department, facilitating discussion and the sharing of ideas. All classrooms have Prowise screens and roller whiteboards. The central philosophy of the department is to provide a comprehensive and inspirational service to students of all abilities through not only curriculum time but also through extra help in surgeries and revision sessions. The department prides itself on its effectiveness at enthusing scholars and the academically challenged alike.
